

LUXURIDECOR

VOL-01

The Sha Luxuri Decor Interior Cladding System offers revolutionary cladding solutions for interior surfacing panels that are designed to withstand harsh conditions with as little maintenance as possible. It is perfectly suitable for application areas like Healthcare, Shopping Malls, Airports, Educational Institutions, Commercial Spaces, Metro Stations, Railway Stations, and Hospitality Industry – and the secret lies in the unmatched technology behind it.

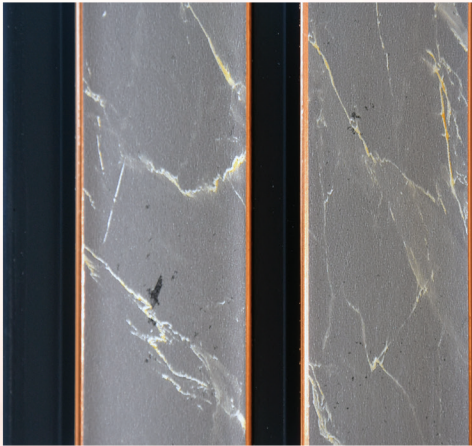

Made from solid grade high-pressure compact laminates, Clads Internal Wall Cladding panels are the true example of bold and beautiful. Their captivating aesthetics, numerous color options, rhythms, and depth make these laminates win every heart. From the ease of installation to easy maintenance – our interior clads are planned for perpetuity.
